Project manager (m/f/d) focussing on Community Building
Application deadline: 1st December 2019
(full-time or part-time, initially limited to 12 month)

The DFKI Berlin is looking for a project manager (m/f/d) in the field of Community Building for the project Open Source Lab for Sustainable Mobility located on the EUREF Campus Berlin.

Your tasks:
- Independent development of community and event activities as well as the Lab’s PR
- Identification and approach of relevant national and international actors and the intersection of Sustainable Mobility, Smart Cities, Open Source and Open Data concepts
- Initiation, conception, realization and documentation of meet-up events including presentations and panel-discussions (roughly 50 guests) and workshops with stakeholders with international partners, ranging from large enterprises to NGO’s
- Responsible support and realization of PR, editing and communication of content in the form of blog articles, video interviews and social media channels

Your qualifications:
- Postgraduate degree in the field of politics, environmental sciences, social sciences, communication sciences, sustainability studies, urban planning or similar disciplines
- Ideally two years of work experience in event management, community management or project management, consulting, academic management or similar areas
- You are interested in Open Source and Open Data and to learn more about current developments in that field and relevant organizations
- Organizational talent and team player, working independently, responsibly and well structured
- Very good command of English and German
